AID SOCIETY

The distribution of the money is under constant control of the I.R.C., because the persons supported have to sign receipts, which are handed to the I.R.C.

The number of refugees registered with the Society is 931, but at present only 788 are in need of support. Apart from the monetary support, the Society has an arrangement with the "Altmann's Restaurant" at 752 Avenue Joffre, according to which the restaurant issues 240 tiffins daily at a reduced rate to Polish refugees. The difference between the reduced rate and the actual cost is born by the Society.

The office of the Society is located at 41 Route Cohen, Tel.73004. Its chairman is Mr.A.Z.Rodkin, Shanghai resident since 14 years, who resides at 374/Apt.35 Kingse Rd.,Tel.12662. He is the owner of a textile manufacturing firm "Peros" which has its office at 109 Rte Vallon.

At the time of formation of the Society, the Japanese Authorities and the French Police were informed accordingly. No registration has as yet been made with the S.M.Police. In view of the fact that most of the Society's members will soon live in the International Settlement(designated area), it is respectfully suggested, that the chairman be instructed to register the Society with this Section.
